MONETARY AND COMMERCIAL. NEW YORK, Oct. 20 - There was a change in the temper of the speculation this morning, and on a very moderate business first prices were generally from 1/8 to 2/8 per cent, above last evening's closing figures, while the few declines were en-tirely insignificant. All the animation was centred in about three leading stocks, among them Richmond and West Point, and while there was a quiet business in these, the remainder of the list was very dull and entirely uninteresting. The Acts I and II. - Mrs. Ra'ston's apartment in the town house of the Raiston's in Regent's Park, market continued strong, however, and although the advances were fractional only, the improvement continued until toward the end of the hour. A slight reaction occurred, but the list again advanced and still higher figures were attained in most of the list and there were no weak spots. At 11 o'clock the market was active and strong at the highest prices reached. Money easy at 2.
